

ALL SEASON

NON-STANDARD MIX

SEDUM TILE® / DATA SHEET

OVERVIEW

The All Seasons mix provides flowers throughout the growing season. Winter interest and seasonal foliage color changes are also found in this group. Each SEDUM TILE® includes 7-10 of the listed varieties. Substitutes may be used for non- signature varieties. *Non-standard mix. Please call for availability.

BENEFITS

- Quick and easy installation
- Immediate vegetative cover
- The coconut fiber base assures effective rooting of the plants to the underlying growth media
- Minimal maintenance requirements once established

TECHNICAL DATA

- Vegetation: minimum 95% coverage
- Fiber/soil base: approximately 1” thick
- Size: 12” w x 24” l x 2-3”h (2 sq. ft. per tile)
- Max weight: 5.48 lb./sq. ft. fully saturated

INSTALLATION

Install SEDUM TILE® directly over a minimum 2” fully saturated growth media. Maintain good overall contact with the media avoiding gaps between and beneath the TILE. Water thoroughly after installation.
